Local Residents Meet In London

Five Gettysburg residents recently enjoyed an unexpected reunion in London.

On June 14 Mr. and Mrs. John S. Rice and daughter, Ellen, and Miss Nancy Arnold, daughter of Mrs. Luella M. Arnold, Biglerville Rd., sailed for a summer's tour of Europe.

Several days later Miss Mary Ann Nevins, daughter of General and Mrs. Arthur S. Nevins, Biglerville Rd., flew from New York for a summer's tour of Europe and a year's study in England. When Miss Nevins reached London she went to the British Museum and while walking up to the entrance she met the Rice party who was also headed for a museum visit.

David Leslie Stouter, six-yearold son of Mr. and Mrs. Charles Stouter, Emmitsburg, died at the Warner Hospital Tuesday afternoon at 4:15 o'clock of injuries received when he was struck by a car near his home Tuesday morning at 10

Dr. C. G. Crist, Adams County coroner, said the death was caused by a fractured skull. The child also suffered a fractured jaw when hit by the vehicle

Emmitsburg residents said the accident occurred when the child attempted to cross the Emmitsburg-Taneytown Rd. at his home in Emmit Gardens, on the eastern limits of Emmitsburg.

Fifth In 3 Months They reported that the child waited for a car on the highway to pass, then started to cross behind the passing car. He apparently did not notice a car approaching from the other direction and dart-

ed out from behind the one vehicle into the path of the other. The driver of the car which struck the child, reported by Maryland State Police at Frederick to be Mila Wilson Maxfield, 46, Towson, Md., told people at the scene that she never saw the child until the youngster was struck.

The child was the fifth person to be fatally injured by autos in the Emmitsburg area since April 1.

Clean Hydrogen Bomb In 5 Years

WASHINGTON (AP) - President Eisenhower said today scientists tell him they believe they can produce an absolutely clean hydrogen bomb after four or five more years of tests.

Eisenhower told a news conference the same scientists say that tests must continue if we are going to get the full benefit of knowledge regarding possible peaceful uses of atomic power. The President said the scientists feel the tests must go on

without any pulling back. Eisenhower based his remarks on information he said he received earlier this week from three atomic scientists.

But despite this report of the scientists' views. Eisenhower reiterated that the United States still is hopeful an agreement can be reached with Russia providing for suspension of tests.

Two Brothers Use Tinfoil Against X-ray

LOS ANGELES (P) - Before havng a Health Department chest Xray, a local wag tucked inside his shirt a profile of a girl's head cut rom tinfoil, which is impervious to he penetrating rays.

Then he signed his brother's name to the identification card. When the brother recovered from the shock, this was his revenge: He cut two letters from a sheet of tinfoil, slipped them under his shirt before being X-rayed, and gave first brother's name. The letters which showed up on the film were

FAIR WEATHER IN MANY AREAS

By THE ASSOCIATED PRESS Rain or thundershowers pelted parts of the Eastand Midwest today but mostly fair weather prevailed in the West.

Scattered showers and thunderstorms broke out in parts of Minnesota and eastern North Dakota southward into northern Missouri and eastward across portions of the Great Lakes. Scattered thunderstorms also developed in parts of Kansas. Another band of rain dampened

the North Atlantic coast states with occasional rain extending southward into sections of the middle and south Atlantic states. Hurricane Audrey still made no contact with land in the Gulf of Mexico, but Texas civil defense authorities advised residents along the lower end of Bolivar Peninsula to evacuate because of possible high tides.

Plan For Carnival

The Kingsdale firemen furthered plans for the annual summer carnival to be held by the company, at their June meeting held on Monday evening in the engine house, along the Littlestown-Taneytown Rd. The carnival will be held August 26 through 31, on the Walter F. Crouse property, in the rear of the engine house. There will be special entertainment each evening, as well as the usual rides, games, exhibits, concessions, refreshments, etc. Details concerning the annual affair (4-11) Matinee Theater (Color)
